

IC 75-2546
9 October 1975

MEMORANDUM FOR: Mr. Knoche
THROUGH:
SUBJECT: Distribution of SWS Monthlies

1. In response to your note passed to me at USIB this morning this is a preliminary reply. I am attaching the distribution list as of 27 May 1974, but have asked for the latest version.

2. Over two-thirds of the distribution is to CIA, 18% to DIA, 10% to NSA and 5% to State, Army and Navy. According to a memo from to Colby on 25 March 1975 distribution was withheld from the Special Assistant to the President, PFIAB and the White House Situation Room.

3. Conspicuous in its absence is any distribution to the Joint Staff (particularly J-3) and the Unified and Specified Commands.

4. For purposes of comparison, I have also asked to send me a copy of the distribution list for the Alert List, which, of course, goes to the field. It might be argued that the field responses might be improved if they were able to read the SWS Monthly and see what the concerns of higher levels had.

5. I will follow this memo with additional information as soon as I get it.
